MECHA-LIKE SWITCH

Innovative patented Mecha-Like Switch is derived from LK(Light Strike) Switch's Mechanism, it provides the clicky tactile feedback of mechanical key press on a comfortable, soft cushioned rubber dome.

It provides about 95% similar typing experience as typing on LK switch mechanical keyboard.

INSTALLATION

1 Connection

Plug the USB cable to the computer USB port.
(Note: Use a USB hub or extension cable to connect is not recommended)

2 Software Download

For the best product performance, please download and install the KeyDominator gaming software: www.bloody.com
